

PROJECT NAME: Utah State University Land-grant Education and Research Network (LEARN)

RECIPIENT: Utah State University

LOCATION: Logan, Utah

PURPOSE: Funding will be used to perpetuate proactive oversight and utilization of school and institutional trust lands by beneficiaries and policy makers on a national basis. LEARN will conduct original research regarding such lands in throughout the United States, develop expertise for utilization of these lands for school improvement, and disseminate research to increase non-tax financial support for education from the land grant created by Congress in 1785 and granted to public K-12 education and institutions of higher education at statehood.

AMOUNT: \$1,100,000
